SPONSOR PACKET 2015

**THERE
ARE SOME
THINGS YOU
JUST CAN'T
LEARN IN A
CLASSROOM**

That's why we created WildHacks, Chicago's largest intercollegiate hackathon, to provide students the opportunity to learn by doing. Five hundred hackers will travel to Northwestern University in Evanston from November 21 - 22 to spend 24 hours turning their ideas into reality.

WildHacks is an excellent opportunity for your company to tap into the largest pool of self-motivated students and talent in Chicago and the surrounding area.

Why sponsor WildHacks?

- Mentor participants and establish a relationship with top hackers
- Gain early access to resumes, GitHub profiles, and email addresses
- Fund a branded prize to get students to develop projects on your API
- Demo your APIs and products to hundreds of students
- Demonstrate your support of Northwestern's rapidly growing hacking community

We've included details about how you can support WildHacks below. If you have any questions, please don't hesitate to contact us at sponsor@wildhacks.org.

Together, we can enable hundreds of entrepreneurial students in their efforts to create amazing products. We hope you are as excited as we are to see what is in store.

Go 'Cats,
The WildHacks Team

BY THE NUMBERS

During our inaugural WildHacks last year, we hosted

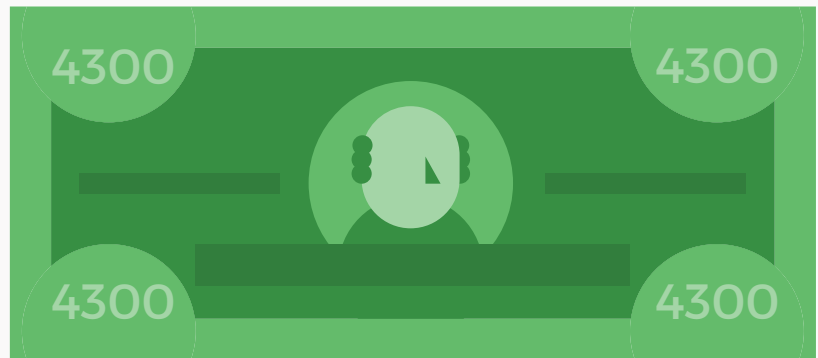

hackers.

We hosted mentors from over

35

companies.

We handed out more than

in prize money.

Our attendees came from over 30 colleges, including

University of
Illinois at Urbana-
Champaign

University of
Chicago

University of
Michigan

Purdue
University

Rose-Hulman
Institute of
Technology
